

Student-run WBSU (89.1) at the College at Brockport is in support of continuing the terms College Broadcasters, Inc. (CBI) has negotiated in the proposed settlement with SoundExchange that would largely keep the same rates and terms of the statutory license in place for the next five years (from 2016 through 2020).

We feel the proposed extension of rates published in the Federal Register on November 5, 2014, represents our station's interests and, though we wish it was completely free due to our budget constraints typical of student organizations, understand the need to compensate artists.
