## MEMORANDUM

To: Royalty Recipient: Featured Artist  
From: John L. Simson, Executive Director  
Re: Sound Recording Performance Royalties Distribution  
Date: September 2005

---

SoundExchange® is pleased to enclose an attached statement for your statutory performance royalties consisting of one or more of the following:

- a. Preexisting satellite services (PES) (Muzak, Music Choice and DMX) royalties for July through December 2004 performances.
- b. Satellite radio services (XM and SIRIUS) royalties for July through December 2004 performances.
- c. If you are newly registered and receiving your first SoundExchange payment, it will include any accrued balances we may have been holding for you from previous distributions.

**If you are receiving this by hard copy, your check for this period is enclosed. If you are receiving this via E-mail, your check has been mailed (or wired per your specific instructions) and you should be receiving payment shortly.**

All repertoire information contained on your statement was supplied by statutory licensees.

If you haven't already tried it, we invite you to use SoundExchange's online search engine "PLAYS" at [www.soundexchange.com](http://www.soundexchange.com). The PLAYS database includes performances/songs reported to SoundExchange from statutory licensees, including satellite radio and digital cable and satellite television services. After registering and receiving a password, you may go directly to PLAYS, search by title, album, artist or label and see what performed recordings have been reported. Should you see any discrepancies in the search results of PLAYS, we ask that you follow the online instructions to notify us of any changes.

While most of the data supplied to us by licensees is accurate, we have found occasional errors and/or omissions in their reporting. Should you find any discrepancies or have any questions or concerns regarding your statement, we are happy to review and correct them upon proper and complete notification via our PLAYS search engine or by E-mail to: [repertoire@soundexchange.com](mailto:repertoire@soundexchange.com). Make sure to include the Artist ID number and Earning Entity name found on your royalty statement.

SoundExchange is an independent, not-for-profit performance rights organization charged with the collection and distribution of webcasting, digital cable and television music services and satellite radio royalties for copyright owners of sound recordings, and the featured and nonfeatured artists who perform on them. SoundExchange also is actively pursuing all opportunities with foreign performance rights organizations to collect and distribute monies owed or belonging to U.S. artists for their radio (digital and/or terrestrial broadcast) performances in foreign countries.

SoundExchange currently represents over 10,000 featured recording artists, 850 independent labels, and the four major label groups, and this number is growing daily. We are committed to providing you with the most accurate distributions possible and maximizing your royalty amounts. We ask that you please assist us in spreading the word of SoundExchange's mission throughout the music community, as many recording artists and independent record labels are still unaware of this new stream of revenue owed to them.

Please visit our website at [www.soundexchange.com](http://www.soundexchange.com) to learn more about our activities. You may also contact us at the following:

>The Royalty Calculation Methodology

### Actual Performance Information

SoundExchange receives electronic reports of use from licensees. These reports are matched against each payment to determine the proportion each unique sound recording is to receive. Performances are allocated on a pro rata basis, so every performance has equal value.

**Important:** Please check your performances carefully and inform us of any discrepancies in the correct attribution of featured artist and/or copyright ownership. All royalty payments are conditioned upon your confirmation that the information contained herein is accurate. SoundExchange reserves the right to make adjustments to future statements based upon any errors which are contained herein.

### SRCO Information

Sound Recording Copyright Owner ("SRCO") information is supplied by the copyright owner and maintained in our royalty systems on a confidential basis.

Electronic reports of use are "matched" against a repertoire and ownership database indicating copyright ownership at the track level. If the recording is not present in this database, our researchers manually identify ownership based on music industry resources including catalogues, directories, Internet, etc.

### Direct Payment of Featured Artist and Union Shares

SoundExchange pays the 45% featured artist share of royalties directly to the featured artist. Any payment and account information for a featured artist is provided by the participating copyright owner, artist and/or artist representative. All featured artist information is contained within our royalty system on a confidential basis. Any corrections or discrepancies in payee information should be reported immediately to SoundExchange.

SoundExchange pays the 5% statutory share payable for nonfeatured musicians and vocalists directly to the AFM and AFTRA Intellectual Property Rights Distribution Fund. Please visit [www.raroyalties.org](http://www.raroyalties.org) for further information.
