Exception: For the Public Broadcasting Service satellite feed, enter "PBS Feed" in column 1, "S" in column 3, and leave columns 2 and 4 blank. SPACE D—COPYRIGHT ROYALTY FEE

GENERAL: In this space, report the number of subscribers receiving each television broadcast superstation and network station retransmitted outside the station's "local market." For the definition of a station's "local market," see page (iii) of the General Instructions.

The subscriber information must be reported for each month of the accounting period. The stations should be grouped together according to whether they are "superstations" or "network" stations as identified in Space C. Then, compute the total royalty fee in Part 2.

PART 1—CARRIAGE

• **FIRST:** Under the headings SUPERSTATIONS and NETWORK STATIONS, enter those stations' call signs and the number of subscribers receiving those stations on the last day of each month of the accounting period. Then, for each station, total the number of subscribers for all six months of the accounting period and enter that figure under the column labeled TOTAL.

NOTE: Do not include those subscribers receiving a superstation retransmitted within that station's "local market" nor those subscribers receiving a network station retransmitted within that station's "local market" to subscribers residing in "unserved households." See page (ii) of the General Instructions for a definition of these terms.

• **NEXT:** Compute the grand total number of subscribers receiving "superstations" and "network" stations.

Give the legal name as it appears in Space B.
